Civic Address	Certificate of Title	Legal Description*	Assessment Roll No.
Ashfield Road, St. Clements	CT 3311473/1	LOT 4 PLAN 71535 WLTO IN SE ¼ 8-13-5 EPM	249875

Issue:

To amend R.M. of St. Clements Zoning By-law No. 5/2002 to rezone the subject properties from "AR" Agriculture Restricted Zone to "CH" Commercial Highway Zone.

SECTION 1: INTRODUCTION, TIME LINE AND BACKGROUND INFORMATION

The intent of this amendment is to rezone the subject properties to "CH" Commercial Highway Zone in order to accommodate a future subdivision. The subject property was recently redesigned to a Business Park (BP) designation in the *Development Plan (By-Law 272/19)*. The proposed "CH" Commercial Highway Zone does align with this *Development Plan* designation.

It should be noted that the applicant has submitted an associated multi-lot subdivision application (File No. S25-3108) and this application has been circulated to government agencies for review and commenting. The proposed "CH" - Highway Commercial Zone has a minimum site area requirement of 0.92 ac and a minimum site width requirement of 150 ft.

This By-Law amendment application was brought forward to the Council on June 18th , 2025 for first reading consideration. Upon receiving first reading, the By-Law amendment was circulated for comments to provincial departments/agencies on June 18, 2025.

The By-Law amendment was sent to be advertised within the Selkirk Record newspaper on June 23rd , 2025 and July 3rd , 2025 publication dates. In addition, notices within 100 meters of the subject properties were mailed by the Red River Planning District office and notices were placed on the subject properties.

This Zoning By-Law amendment generally meets the current Development Plan. The Red River Planning District Office **recommends** the Council give **Second Reading** to By-law No. BL-12-2025. If there are sufficient objections, the Council may not give Third Reading to the By-law. A report outlining policy compliance, comments received, analysis, options and recommendations for the Council's consideration follow this summary.

SECITON 2: PLANNING ANALYSIS, DEVELOPMENT PLAN COMPATIBILIY AND SECONDARY PLANNING COMPATIBILITY

2.1 Subject Property and Surrounding Area

The total area of the currently vacant land to be rezoned is roughly 15.82 acres in size and ±795 ft in width. The area surrounding the proposed amendment is as follows:

To the North:	2.07 and 4.2 ac lots zoned “CH” Commercial Highway and “AR” Agriculture Restricted respectively.
To the South:	Provincial Trunk Highway 44, then 24.27 ac lot zoned “CH” Commercial Highway
To the West:	Provincial Trunk Highway 56, then 39.92 ac lot zoned “AR” Agriculture Restricted.
To the East:	Ashfield Road and 2.13 and 17.3 ac lots zoned “A40” Agriculture Limited

2.2 Compatibility with the Development Plan By-Law 272/19

The Planning Act (section 68) outlines that zoning by-laws are to be “*generally consistent with the development plan by-law and any secondary plan by-law in effect in the municipality*”. The current development, The Red River Planning District Development Plan (By-law No. 272/19) is reviewed to determine if the proposed “CH” Commercial Highway Zone rezoning of the subject properties is consistent with its policy direction. The proposed zone is supported by the objectives and policies of the current Business Park (BP) designation.

Please note, directly **north and south** of the subject area are properties that are currently zoned Commercial Highway in the current R.M. of St. Clements Zoning By-Law 5/2002 (See Appendix B for current zoning map information).

In addition, from section 4.0 of the Development Plan states, “BP is a designation reserved for areas providing employment opportunities, where a mix of manufacturing, processing and commercial businesses are found....”. The applicants of this By-Law amendment application are seeking the proposed “CH” Commercial Highway Zone to allow for a subdivision of the subject property with 1.35-2.01 acres lots in size and future development of wide range of commercial, industrial and professional activities such as construction companies, electrical contractors, plumbing operations and office-based enterprises can operate in close proximity. The minimum site area for “CH” - Highway Commercial zoned areas is 0.92 ac (min.) in site area and all business activities that listed before residing with Objectives and Policies of the Development Plan designation.

2.3 Compatibility with Secondary Plans

There are currently no adopted Secondary Plans that impact the rezoning of the subject properties.

2.4 Further Required Approvals

Should Council approve this zoning by-law amendment application it should also be noted that the applicant has submitted an associated Subdivision application (File No. S25-3108) to subdivide the property for the future commercial and industrial uses.

If Council wishes to address development and infrastructure standards to ensure that any proposed development complies with applicable policies of the Development Plan and other applicable municipal policies, they could require a development agreement as part of the subdivision or conditional use approval.

SECTION 3: CIRCULATION FOR COMMENTS

This Zoning By-law amendment application has been circulated for comments as per *The Planning Act* to Provincial Departments and adjacent municipalities with instructions to forward any comments to the Red River Planning District prior to the public hearing, and, that no response by the date of the public hearing will be interpreted as having no concerns. The application has been circulated in order to afford Provincial Departments an opportunity to ensure that the application conforms to provincial policies, and to afford adjacent municipalities an opportunity to comment on any negative impacts that the application may have on their municipality. To date, our office has received comments from the following departments which are summarized as follows in TABLE 1 – AGENCY REMARKS. Please note: complete copies of the comments are attached (SEE APPENDIX C).

Please note: a FULL set of comments are attached to the package report for Council’s review and consideration.

SECTION 4 – RECOMMENDATIONS:

Based on the above-noted information, the proposed zoning by-law amendment is in compliance with the Development Plan and **we recommend that 2nd Reading be given.**

Please note that if Council does decide to approve the application and if there are the minimum required amount of objections as per *the Planning Act*, Council may not give Third Reading to the by-law until the required time-frame has allowed for second objections to be confirmed, or until such time as an appeal hearing has denied the objection(s).

For the purposes of an amendment to a zoning by-law, objections must be received from at least 25 eligible persons, or from 50% of the total number of owners of property located within 100 meters of the affected properties in order to be considered sufficient to trigger an Appeal Hearing (a person authorized in writing may make an objection on behalf of an owner within the 100m).

Subject: RE: RM of St. Clements Zoning By-law Amendment BL 12- 2025

Importance: Normal

Sensitivity: None

Good afternoon,

On behalf of Manitoba Agriculture, I have reviewed this proposed Re-zoning amendment for the RM of St. Clements. This amendment proposes to rezone the subject property from "AR" Agriculture Restricted to "CH" Commercial Highway Zone for future development.

Given the recent re-designation of the subject lands to 'Business Park' (Red River Planning District Development Plan Amendment 289-2024), the re-zoning is consistent with the intended land use and our department does not express concerns.

RE: Rural Municipality of St. Clements By-law Amendment No. 12-2025

Ashfield Rd, Lot 4 Plan 71535 WLTO in SE ¼ 8-13-5 EPM

From "AR" Agriculture Restricted Zone to "CH" Commercial Highway Zone

Applicant: McGowan Russel Group Inc.

Bell MTS requests that the landowner enter into a Right-of-Way Agreement ("Agreement") with Bell MTS ("MTS") for existing and/or future telecommunications facilities related to By-Law Amendment No. 12-2025.

A **BLANKET easement** for Ashfield Rd, Lot 4 Plan 71535 WLTO in SE ¼ 8-13-5 EPM is requested for this designated property.

As a result of changes to The Real Property Act (Manitoba), Bell MTS must ensure that its easement rights are registered against all relevant titles before further transfers of land take place; therefore, Bell MTS requests that as a further condition of approval, the developer is required to register a statutory easement along with the Easement Plan, if required, in series immediately following the proposed development plan, at the appropriate Land Titles Office.

If the development is by legal description, in order to prepare the agreement, Bell MTS requires a copy of the legal description of the proposed lots/parcels to be conveyed, prepared by a lawyer or surveyor and approved by the Land Titles Office (as stated in the Letter of Conditional Approval).

If a Plan of Subdivision is required, the Manitoba Land Surveyor who is preparing the subdivision plan must forward a copy of the plan to the attention of Gregory Sim - PROPERTYACQUISITION@bellmts.ca.

Bell MTS will then review the print and reply to the surveyor with the Bell MTS easement requirements. The surveyor can then prepare the Plan of Easement in accordance with The Real Property Act (Manitoba) and the Land Titles Office regulations. The Plan of Easement, if required, is prepared at the developer's expense.

Any existing Bell MTS services, easement agreements and/or caveats affecting the land to be developed will be brought forward on the titles generated by the new plan unless otherwise specified. If there are any existing facilities which require removal or relocation as a result of the subdivision, the costs will be at the expense of the developer.

The contact for proceeding with the Right-of-Way Agreement is:

Hi Valentina,

Joyelle informed me regarding your conversation involving missing comments on circulations from Hydro to RRPD. I've attached our comments for the applications that were forwarded to Joyelle today that we've sent our responses for. S24-3092 (revision), S25-3110, and S25-3111 are all still circulating internally on our end but I will get those responses to you as soon as I can.

We have no concerns regarding By-Law 982-2025 and By-Law 12-2025.

I've been directing our comments/concerns to info@rrpd.ca as that email is still listed as our contact point for your office in our system. Was that updated/is there a more appropriate place to direct our responses?

Thanks for your understanding,

Good day,

No Concerns at this Time

Further to your e-mail regarding the above-noted application, the Manitoba Historic Resources Branch (HRB) has examined the location in conjunction with Branch records for areas of potential concern. The potential to impact to heritage resources is believed to be low based on analysis of current data and evaluated by the type of action proposed, therefore, the HRB has no concerns with the proposed project at this time. This evaluation is only appropriate for this respective request.

Legislation

Under Section 46 and 51 of the Heritage Resources Act (the Act), if at any time, heritage resources are encountered in association with these lands during testing and development, there is an obligation to report any heritage resources and a prohibition on destruction, damage or alteration of said resources. HRB may require that an acceptable heritage resource management strategy be implemented by the proponent/developer to mitigate the effects of their activity on the heritage resources.

Kind regards,

Subject: RM of St. Clements Zoning By-law Amendment BL 12- 2025

Good day,

On June 17th, 2025 the RM of St. Clements Council gave First Reading to Zoning By-law Amendment BL 12-2025.

This Zoning By-law Amendment proposes to amend the R.M. of St. Clements Zoning By-law No. 5-2002 by rezoning subject property located at Ashfield Road, St. Clements from **“AR” Agriculture Restricted** to **“CH” Commercial Highway Zone** to subdivide and create professional environment for future construction companies, electrical contractors, plumbing operations, and office-based enterprises.

Attached to this email is a copy of the First Reading Report, First Reading Council resolution, and the Zoning By-law Amendment By-law.

A Public Hearing with the municipal Council is tentatively planned for **July 22nd, 2025 at 18:00.**

Should you have any comments regarding this Zoning By-law Amendment, please reply to me with a copy to selkirkCRP@gov.mb.ca by **July 17th, 2025.**

No response by this date will be interpreted as your office having no concerns with this application. Please circulate to anyone in your office that may have comments regarding this file.

If you require any additional information, please feel free to contact me. Thank you.
