Property Size	28.40 acres (+/-) <i>NOTE: Information is based on GIS data</i>

APPLICATION DETAILS / PROPOSAL

Property Zone	Conditional Use Request	Proposed by Applicant
A4	Storage Container (Section 5.2, Table 12)	Storage Containers to be used during construction.

Application Purpose

To allow for the placement of Storage Containers on the property as storage during construction. This application coincides with VO 116, 2026.

Analysis

The subject property is a cemetery which has been operated since 1937.

The applicant has indicated that the Storage Containers (Sea Cans) will only be used to store groundskeeping equipment for the cemetery while a new primary building is constructed. The applicant will have 6 Storage Containers, which is being addressed in a coinciding variance application (VO 116, 2026). Once the equipment has been moved to the new building, the Storage Containers will be removed. The applicant has indicated that this could take around one (1) year.

The applicant has indicated that the Storage Containers will be placed on a gravel pad, (+/-) 43 ft. away from the side property line.

The subject property is located in the "A4" Agricultural - 4 acre parcels. This zone identifies storage containers as a conditional use.

The subject property is also located in the Institutional Area under the West St. Paul North Secondary Plan. The purpose of this designation *"is to recognize the existence of the cemeteries within the Secondary Plan area"*.

The following policies cover the Institutional designation:

1. *The land for the cemetery sites within the Secondary Plan area shall be designated Institutional as shown on Map 2.*
2. *On-site improvements consistent with a cemetery, shall be permitted.*

OPTIONS FOR COUNCIL'S CONSIDERATION

Under section 106(1) of *the Planning Act*, on completion of the public hearing, Council may:

(a) reject the application; or

(b) approve the application if the conditional use proposed in the application:

1. will be compatible with the general nature of the surrounding area;
2. will not be detrimental to the health or general welfare of people living or working in the surrounding area, or negatively affect other properties or potential development in the surrounding area; and
3. is generally consistent with the applicable provisions of the development plan by-law, the zoning by-law and any secondary plan by-law.

RECOMMENDED CONDITIONS OF APPROVAL

Should Council approve the requested conditional use, the following conditions are recommended:

1. This conditional use is limited to what has been presented in this application. Any further changes, replacement or additions that are not in substantial conformance with the application would require a new approval;

2. Applicant / owner obtains all required permits from the Red River Planning District and the municipality, if required.

RE: Letter of Intent – 4355 Main Street
Holy Family Cemetery Maintenance Building

To Whom It May Concern,

Holy Family Cemetery is seeking to replace their existing maintenance building with a new 5,371 SF pre-engineered steel structure. Due to physical constraints on site, such as existing grave locations, well location, road access and location to services from Main Street – the new building will be built in the same location as the previous structure. To ensure continuity of cemetery operations during construction, several sea-cans will be required to store and secure equipment for a period of approximately one year. Once the building is constructed and the cemetery has relocated its equipment from the sea-cans into the new building, the sea-cans will be promptly removed from the site.

The new building will function similarly to the existing building, as it will be used to store equipment required for burial services as well as equipment to maintain the premises (tractor, lawn mowers, grass seeder, etc.). The building will also have one office and lunchroom for onsite employees only. Occupancy is typically 2 employees but may periodically increase to 3-4, if, and when, required during summer months.

The construction of the new building will not alter current cemetery operations: hours of operation will continue to be Monday to Friday 9:00am to 4:00pm, with the occasional Saturday, when required, as dictated by the scheduling of burials.

Holy Family Cemetery was established in 1937 and is owned and operated as a ministry of The Order of Saint Basil the Great in Canada. It is currently administered through St. Nicholas Ukrainian Catholic Church (737 Bannerman Avenue, Winnipeg). It operates as a non-profit religious (Ukrainian Catholic) cemetery and assists families in their time of grief, by creating a space where families could be buried together according to their tradition and be located together in a common space. Over time, due to the increase in mixed marriages, the cemetery has served Catholic and Orthodox families of non-Ukrainian origin- and continues to do so.

Sincerely,

Fr. Zachary Shwaluk, OSBM
Secretary/Treasurer for The Order of Saint Basil the Great in Canada
& Administrator of Holy Family Cemetery
