- Street Address	5753 HWY 9, St. Andrews
- Roll #	Roll # 215600
- Legal	Legal: 1/3-1-1489
Zoning	CH" Highway Commercial zone RM of St. Andrews Zoning By-law No. 4066
Development Plan Designation	"SC" Settlement Centre designation RRPD Development Plan By-law No. 272/19
Secondary Plan Designation	Future Commercial designation
Property Size	1.06 acres in area (+/-) 160 feet in width (+/-)
	<i>NOTE: Information is based on GIS data</i>

APPLICATION DETAILS / PROPOSAL

Variance Request in "CH" Highway Commercial zone sec. 3.28-3.28.3	Zoning By-law Requirement	Proposed sign size by Applicant
Business/directional/mobile signs combined area	64 ft ² (max), 8 ft ² (max), 64 ft ² (max) respectively	Combined area: 137.46 ft ² (new sign both sides) + 92.6 ft ² , 50ft ² , 70ft ² (existing signs) (max) respectively
Number of permanent and mobile signs	1 (max), 2 (max) respectively	8 permanent signs(max) and 2 mobile signs (max) in total

Application Purpose

The applicant proposes to increase the maximum combined area for business, mobile and directional signs from 64 ft²/8 ft²/64 ft to 254.16 ft² for business signs in total, 50 ft² for directional signs, 70 ft² for mobile signs and increase the maximum number of freestanding signs on the property from 1 business sign+ 2 mobiles signs allowed to 11 business (max)it total for the new Petro sign to be constructed on

the property (see Appendix A for the site plan and building info). Historically, oversized signs were there for years, with no permits or connection to the current applicant. Any new oversized second and more signs will require a variance to bring it into compliance with the Zoning-Bylaw, section 3.28.

This application was circulated to the R.M. of St. Andrews and MIT Highways. The R.M. has no concerns, MTI will require a permit for the new sign (see full comment in Appendix B)

OPTIONS FOR COUNCIL'S CONSIDERATION

Under section 97(1) of *the Planning Act*, on completion of the public hearing, Council may:

- (a) reject the requested variance; or
- (b) varying the application of specific provisions of the zoning by-law with regard to the affected property in the manner specified in the order if the variance
 - (i) will be compatible with the general nature of the surrounding area,
 - (ii) will not be detrimental to the health or general welfare of people living or working in the surrounding area, or negatively affect other properties or potential development in the surrounding area,
 - (iii) is the minimum modification of a zoning by-law required to relieve the injurious affect of the zoning by-law on the applicant's property, and
 - (iv) is generally consistent with the applicable provisions of the development plan by-law, the zoning by-law and any secondary plan by-law.

RECOMMENDED CONDITIONS OF APPROVAL

Should Council approve the requested zoning variances, the following conditions are recommended:

1. This variance is limited to what has been presented in this application (combined area: 350.04 ft² in size, 10 business signs (max)). Any further changes, replacement or additions that are not in substantial conformance with the application would require a new variance approval;
2. Applicant / owner obtains all required permits from the Red River Planning District and the municipality, if required.
3. Applicant / owner obtains all required permits from Manitoba Transportation and Infrastructure as required and shall conform to MTI sign policy. For permit information, please email accessmgmt@gov.mb.ca or call 204-583-2433. Permit information can also be found at <https://forms.gov.mb.ca/highway-permits-application/index.html>

Appendix A: ADDITIONAL INFORMATION – LETTER OF INTENT

DATE: April 2, 2026

LETTER OF INTENT

To Whom It May Concern,

Please be advised that this letter of intent is to advise of removal of the deteriorating Petro Canada pylon sign at 5753 Hwy 9 Lockport, MB and replace it with a new better structured pylon which reflects the business and the services the location offers.

It would be best if this could be done as it would be considered a replacement, not an addition to the property. It will not affect the neighbors in the area. It will make the area look better and not broken down.

Subject: RE: VO 40, 2026

Importance: Normal

Sensitivity: None

Hi Calvin

We have reviewed Variation Order 40, 2026 and have the following comments:

- If any of the signs are located within the controlled area of PTH 9 and PTH 44, permits are required and shall conform to Manitoba Transportation and Infrastructure sign policy. For permit information, please email accessmgmt@gov.mb.ca or call 204-583-2433. Permit information can also be found at <https://forms.gov.mb.ca/highway-permits-application/index.html>

Please note the following statutory requirements for PTH 9 and PTPH 44.

Statutory Requirements:

Under the Transportation Infrastructure Act, a permit is required from Manitoba Transportation and Infrastructure to construct, modify, relocate, remove or intensify the use of an access. A permit is also required from Manitoba Transportation and Infrastructure to construct, modify or relocate a structure or sign, or to change or intensify the use of an existing structure (including the alteration of existing buildings) within the **76.2m** (250ft) controlled area from the edge of the PTH 44 highway right-of-way and within the **38.1m** (125 ft) controlled area from the edge of the PTH 9 highway right-of-way.

In addition, a permit is required from the Manitoba Transportation and Infrastructure for any planting placed within **15 m** (50 ft) from the edge of the highway right-of-way.

Please email or call if you have any questions regarding our comments.

Thank You

Jeff DiNella

Subject: VO 40, 2026

Hello,

Please see a Variance application, VO 40, 2026, attached for review and comments.

The applicant proposes to increase the maximum size for a business sign from 64 sq ft to 218.98 sq ft, and increase the maximum number of freestanding signs allowed on the property from 1 to 2.

Thanks,
